

HOW CAN YOU SUPPORT?

As the Flyer Faithful, we need to “sell out” a make-believe “game” in support of our players and their ability to earn compensation under NIL. This sellout provides the off-the-court support of our beloved Dayton Flyers.

Each season, the Flyer Faithful support student-athletes by cheering for every three-pointer, every dunk, and every win; now we are asking for a contribution to help them win in new ways off the court.

What does that mean? We need every member of the Flyer Faithful to visit Dayton6th.com to purchase at least one “Dayton 6th ticket” each season, starting today!

WHY YOUR SUPPORT MATTERS!

The landscape of college basketball has changed and the introduction of name, image, and likeness (“NIL”) compensation to student-athletes has proven to be one of the most significant and complex changes in college athletics history (and we are only at the beginning). In its brief history, NIL has become one of the primary influences and an integral part of recruiting decision-making for every student-athlete across the country.

The Flyer Faithful must play an important role in continuing to make our program a destination program for student-athletes across the country and around the world. **Your support off the court is just as important as your support on the court.**

All investments in Dayton 6th allow for direct compensation to student-athletes for their engagement across our community and for Dayton Basketball to remain competitive amid the current landscape.

“What’s going on right now with NIL is that the train’s leaving the station, and it’s a bullet train. If you don’t get on it, you’re going to be left at the station.”
